Summa cum laude? With first-class healthcare too

The TK for students

The TK will stick by your side throughout your studies. Our health insurance policies won't just leave you covered but will actively support you. Our many services and extras, from anti-stress techniques to career advice, will take care of you, protect you and help you stay fit.

Bonus points! It makes no difference how you work up a sweat: those who make the effort to stay healthy are rewarded by our TK-Bonusprogramm. And not just with money, but with many other healthy extras.

The TK helps you get ahead in your career Our experts in careers advice and in how to apply for jobs have a wide range of information available for graduates and hold seminars to make sure that everything goes well for you after graduation with the minimum amount of stress.

They're sitting right next to you: our TK campus consultants One of our 150 TK campus consultants is bound to be around on your campus just waiting to give you some personal advice and to support you with a wide range of services.

Getting under your skin: our skin cancer screening This screening performed by a dermatologist is available every 24 months to both all men and women above the age of 20 years old insured by TK.

The power of nature — another thing we offer you As a TK policyholder you can also benefit from alternative healing treatments. We reimburse up to EUR 100 for this per calendar year for each insured person above the age of twelve years old.

May we do something health-related for you? On the back you will find your membership application form for TK.
