Dr. Michaela Poß

Education:

Magister Artium, Westfälische Wilhelms-Universität Münster (Dutch Philology, General Linguistics, English Philology. With distinction)

Phd, Leiden University. Dissertation: *Under Construction. Cognitive and Computational Aspects of Extended Lexical Units.* Promotors: Ivan A. Sag (Stanford), Ton van der Wouden, Arie Verhagen

Previous Appointments:

2002 - 2004: Assistant Professor, English Department WWU Münster
2004 - 2008: Researcher, Leiden University Center for Linguistics
2005/2006: Visiting Researcher, CSLI, Stanford University (5 terms)
2008 - 2009: Computational Linguist, Instituut voor Nederlandse Lexicologie
2010 - : Assistant Professor, English Department Goethe-University Frankfurt

Areas of Research:

Lexical Semantics
Empirical Syntax
Grammatical Theory (HPSG, Construction Grammar)
Corpus Linguistics
Idioms
Contrastive Linguistics

Publications:

Michaela Poß: "Towards an Implementation of Constructions". In: *Proceedings of the Sixth High Desert Linguistic Society*, 2005
Michaela Poß, T. van der Wouden, H. Reckman and C. Cremers (eds.), *Computational Linguistics in the Netherlands 2004: Selected papers from the fteenth CLIN meeting.* Utrecht, LOT, 2005
Michaela Poß and Ton van der Wouden: "Extended Lexical Units in Dutch". In: T. van der Wouden, M. Poß, H. Reckman and C. Cremers (eds.), *Computational Linguistics in the Netherlands*
2004: Selected papers from the fteenth CLIN meeting. Utrecht, LOT, 2005, 187-202
Michaela Poß:: "Structural versus Constructional Semantics: The Case of Dutch NPN". In: P. Hendriks, F. Landsbergen, M. Poß und J. van der Wal (eds.), Leiden Working Papers in Linguistics 4.1, 2007, 21-39
Michaela Poß: *Under Construction. Cognitive and Computational Aspects of Extended Lexical Units.* Utrecht: LOT Publications (2010).
Michaela Poß: "Syntax". In: U. Boonen and I. Harmes, Einführung in die Niederländische Sprachwissenschaft. Tübingen: Narr (forthc.)
Michaela Poß: "Methoden der Sprachwissenschaft". In: U. Boonen and I. Harmes, Einführung in die Niederländische Sprachwissenschaft. Tübingen: Narr (forthc.)

Selected Talks:

Advances in Treebanking. Workshop on Lexical Resources, Münster, May 2004

Implementing the Dutch way. Sixth Annual Conference of the High Desert Linguistics Society, Albuquerque, November 2004

Implementierung der Weg-Konstruktion. Workshop Empirie und Theorie idiosynkratischer Verbindungen. Tübingen, December 2004

Implementing Constructions. The 15th Meeting of Computational Linguistics in the Netherlands, Leiden, December 2004

Construction Grammar as the Basis for Computational Systems. TIN 2005, Utrecht, January 2005

The Mental Lexicon. Colloquium ATW, Leiden, April 2005

(with Seza Dogrüoz): *A Fixedness Continuum for Turkish, German, and English,* Annual SLE Conference, Valencia, September 2005

Ditransitives. Workshop Nederlands tussen Duits en Engels, Berlin, September 2005

(with Ton van der Wouden): *Constructions and Grammar.* Stanford NLP Group, Stanford, May 2006

Ditransitive Constructions and Dative Alternations from a cross-linguistic perspective: The case of Dutch, English, and German, ICCG 4, Tokyo, September 2006

(with Crit Cremers and Maarten Hijzelendoorn): *A way computed in Dutch*. ELU 2007, Leiden, December 2007
